

The E&ERC PG committee will be hosting visiting academic Dr Corrie Moreau on 7-8 September 2017.

Dr Moreau is currently a tenured curator at the Field Museum of Natural History in Chicago as well as a lecturer at the University of Chicago. Her research focuses on teasing apart the evolutionary history of social insects and their gut-associated microbes to better understand the broad-scale evolutionary patterns of life. <http://moreaulab.org/corrie-moreau/>

There will be a breakfast "meet and greet", an informal workshop, and dinner with Dr. Moreau on Thursday 7th September.

She will be giving a [seminar](#) on her recent research on 3pm Friday 8th September.

Please contact Janine Ledet (m.ledet@unsw.edu.au) to request personal meetings and to RSVP to the events throughout her visit.
